

IRISH REGENCY EBONIZED AND PARCEL-GILT OVERMANTEL MIRROR IRELAND, CIRCA 1820

**Irish Regency Ebonized and Parcel-Gilt Overmantel Mirror
Ireland, Circa 1820**

A refined Irish Regency overmantel mirror of elegant architectural form, the rounded rectangular plate enclosed within an ebonized frame with parcel-gilt molding and a continuous border of raised gilt bosses. The restrained decoration and graceful proportions reflect the enduring neoclassical taste of early nineteenth-century Ireland.
